

J. ROCKETT AUDIO DESIGNS

Controls

- **Level:** Interactively controls the overall output. The more gain, the louder it will become so you have to use the two in conjunction.
- **Gain:** Controls the gain level but also creates compression and feel. It blends with the clean signal so you can really find interesting sounds.
- **Accent:** Controls the cut through the mix, the top end and the bite.
- **Warmth:** Controls the bottom end but is also very interactive with the Accent control. You can really fatten up the mids but use the accent to keep it from getting woofy.

Settings

The new GTO is the latest design coop with Guthrie Trapp. The original was sort of the Nashville favorite, recreating the old Nobels ODR-1. A great sound in itself but Guthrie wanted more...;-)

The new GTO has a much tighter bottom, less gain and more cut in the mix. It can go from super mild to a really nice, dynamic OD feel. This pedal has compression but in a great way. You can use it as a clean boost and EQ or you can bring in the dirt.

All J. Rockett Audio Designs pedals operate off of the standard BOSS type 9 volt adapter or a single 9 volt battery. The power input is a 5.5 mm x 2.1 mm jack with the positive voltage on the outer sleeve. Using an external power supply will automatically disconnect the battery. Disconnect the input jack to preserve battery life when not in use or when not used with an appropriate, external power supply.

2.1mm x 5.5 mm tip/negative plug

Warranty

J. Rockett Audio Designs LLC will repair or replace, at its discretion, defective workmanship or materials on all new J. Rockett Audio Designs products directly or through the selling dealer or an authorized service technician for one year from the date of purchase at no cost to the original purchaser. Repair and replacement parts installed will be warranted for the unexpired portion of the original warranty term.

Before sending a product in for repair, please contact us at chris@rockettpedals.com or jay@rockettpedals.com or call us at 760-419-1345.

This warranty does not cover shipping costs, product appearance or damages caused by accident, abuse, misuse or alteration. A dated sales slip or order number (issued by a tech, dealer or J. Rockett Audio Designs) must accompany a product being returned for warranty service. Repairs without a return authorization number will be refused. Please allow four (4) weeks for warranty service. For more information please contact J. Rockett Audio Designs via our website at www.rockettpedals.com or call us at 760-419-1345. No other warranty is expressed or implied.
