the gain with the  
clean signal

**BROToNE** -  
Controls the upper  
mids/treble

ON/OFF - True  
Bypass switch

**The BroVERDRIVE** - What's up Brotato chip? You are probably reading this expecting a sonic description or a comparison to whatever classic amp it is supposed to be. Is it another Tube Screamer derivative? It could be a little of all of those but it isn't and we have no clue how to describe it other than it is freakin killer. It sounds great through every amp we played it through and it sounds great with all styles of pickups and guitars. Buuuuut, we know everybody needs that reference so the best we can do is tell you it is very smooth, chewy and cuts through a mix. You can play country, rock, jazz or blues and it maintains an amazing feel.

# Warranty

Rockett Pedals LLC. will repair or replace, at its discretion, defective workmanship or materials on all new Rockett Pedals products directly or through; the selling dealer or an authorized service technician, for one year from the date of purchase at no cost to the original purchaser.

Repair and replacement parts installed will be warranted for the unexpired portion of the original warranty term.

Before sending product in for repair please contact us at

[chris@rockettpedals.com](mailto:chris@rockettpedals.com) or

[jay@rockettpedals.com](mailto:jay@rockettpedals.com). Or call +1 (720) 936-8623.

This warranty does not cover shipping costs, product appearance or damages caused by accident, abuse, misuse or alteration.

A dated sales slip or order number (issued by a tech, dealer or Rockett Pedals) must

accompany a product being returned for warranty service. Repairs without a return

authorization number will be refused. Please allow 4 weeks for warranty service. For more

information please contact Rockett Pedals [www.rockettpedals.com](http://www.rockettpedals.com) or +1 (720) 936-8623.

No other warranty is expressed or implied.
